

When we say.....

Girls on the Run is for **EVERY** *girl!*

What does that mean?

Our programs focus on confidence, competence, care, connection and character to strengthen emotional and physical health, supporting participants in boldly pursuing their dreams. We are committed to ensuring access for all participants, regardless of their financial situation. This year, GOTRSTL will provide over \$400,000 in financial assistance to participants. **We never turn away a girl.** Here is how we do that.

Site-Based Program Fees

Program sites are assigned based on specific metrics, including students receiving free/reduced lunch, graduation rates, etc. This caps the site fee at an appropriate level for the community we are serving.

Individual Financial Assistance

Regardless of the program fee at a site, girls can access additional financial assistance directly in registration. This addresses the individual needs of each family.

Sibling Discounts

When registering multiple siblings, each additional sibling is 50% the site's program fee. If the family accesses Individual Financial Assistance, we accept the lesser of the two amounts.

Payment Plans

Families can break their payment into two automatic payments directly in registration or can contact our office for specialized payment plans.

Cash Accepted

Families can pay their program fee with cash mailed to our office (not recommended for amounts over \$50). This allows girls to register without requiring payment at check-out. We also accept credit/debit cards, physical and e-checks, and money orders.

5K Running Buddy Scholarships

We recommend every girl has an adult Running Buddy completing the 5K with her. Families can get financial assistance for the 5K Registration fee by calling our office.
