## Welcome Back, Welcome Back, Welcome Back!

---

Welcome to Fourth Grade! I'm Mrs. Carla Yokley, your teacher for this upcoming year. I'm excited about the opportunity of meeting you, and I'm looking forward to a productive school year.

Fourth grade is an exhilarating and challenging year. This year you will learn new skills in Communication Arts, Mathematics, Science, and Social Studies. I am planning to help students growing and learning through a teaching method known as Project Based Learning, or PBL. This makes cooperative learning fun.
