RE: 2016-17 FINAL TRANSPORTATION ROUTES

State law requires the Board of Education to approve bus transportation routes each school year in order to be eligible for partial district reimbursement through the state transportation aid formula. In Webster Groves School District, this is done twice a year—with initial approval of preliminary routes at the start of the school year and then final approval of final routes at year-end. The bus routes as currently designed are therefore attached for approval on the consent agenda.

Please feel free to contact me if you have questions.

RECOMMENDED BOARD ACTION....that the Webster Groves School District Board of Education approve the final bus routes for the 2016-17 school year as attached.
