

The Course Selection Process for Students with an IEP

Your SSD case manager will work with WGHS case managers to determine the best course placement to ensure you receive appropriate services and support as outlined in your IEP. Please do your best to select courses based on your preferences and interests. WGHS SSD case managers will review those requests and make adjustments as needed. Please contact Gloria Perry (perry.gloria@wgmail.org) or Teri Pisciotta (pisciotta.teri@wgmail.org) if you have any questions.
